Summer is here again. There are some ways that you, the parent, can help us prepare for summer weather. First, check your child's extra clothes bucket in their classroom. Bring or replace clothes for warmer weather. Next, reference your summer calendar for your child's water day. Preschoolers and Infant/Toddlers are on different days. Each child is required to have a swim suit, towel, and shoes that can get wet on these days. Infant and Toddlers will need swim diapers in addition. Finally, sunscreen is an absolute must. Please bring in a bottle of sunscreen labeled with your child's name to be left at school. We will be using sunscreen on a daily basis. We ask that you apply a layer of sunscreen before dropping your child off with us. We will reapply during the day. Below is a permission slip which allows us to use sunscreen on your child. This must be returned. Thank you for doing your part to help make our summer program run smoothly!

Sunscreen Permission Slip

My child(ren) _____ has/have my
permission to have sunscreen applied at school.

Parent/Guardian Signature _____ Date _____
